

Hinweis

Advice – Avis

Luft einschüsse innerhalb der Klebefläche stellen keinen Reklamationsgrund dar, solange die Funktion des Profils nicht beeinträchtigt wird.

Entrapped air within the adhesive area does not constitute a reason for complaint as long as the function of the rail is not affected. sous réserve de modifications techniques.

Les bulles d'air à l'intérieur de la surface adhésive ne constituent en aucun cas un motif de réclamation dans la mesure où cela n'altère pas le fonctionnement du profilé.
